

**PRESS RELEASE 26/2019**

**07 August 2019**

**New Building and Construction  
Agency**

**KAMRA TAL-PERITI**

*To support members of the profession in achieving excellence in their practice of architecture and engineering in the interest of the community*

The *Kamra tal-Periti* welcomes the establishment of a new Building and Construction Agency through the publication of Legal Notice 192 of 2019. This new Agency is the precursor of the Building and Construction Authority that will be set up in the coming months, and which Government is committed to establish as outlined in the [Letter of Commitment](#) addressed to the *Kamra tal-Periti* last week.

The new Agency is tasked with the design, implementation and dissemination of policies together with the consolidation and review of laws and regulations, in the form of a national building code, as well as with carrying out all the necessary preparations to set up the Building and Construction Authority.

This is an important milestone in ensuring better regulation of the industry, and the *Kamra tal-Periti* looks forward to presenting its proposals outlined in [A Modern Building and Construction Framework for Malta](#) to the Agency, with a view towards implementing them in the near future.
