

DECLARATIONS FOR Y-PLATES

16 OCTOBER 2023

The Council of the Kamra tal-Periti has met with Transport Malta senior management to discuss the requirements for periti declarations relative to garages utilised to store chauffeur-driven cars.

Transport Malta was receptive to the concerns expressed by the Kamra and informed its representatives that it shall be publishing a new legal notice that will be replacing L.N. 111 of 2023. TM promised to consult the Kamra prior to bringing it into force.

TM also advised that we notify all periti to keep all declarations relative Y-plates on hold pending the new legal notice.

Perit André Pizzuto
