ARCHITECTS & STRUCTURAL ENGINEERS

ADE Architects and Engineers is an established practice of Periti. The firm applies a multidisciplinary approach to the design and construction of small to medium-scale projects and offers a range of services to the building industry. ADE Architects and Engineers is currently seeking to recruit self-motivated and proactive architects and structural engineers to form part of this young and dynamic team.

The selected candidates shall have the opportunity to work on a diverse range of projects ranging from residential & commercial schemes to industrial & infrastructural developments.

Ideal Candidates:

- New graduates in architecture and structural engineering
- Warranted architects and structural engineers with at least two years experience in the fields of architecture and structural engineering.

Remuneration offered shall be commensurate with work experience.

Interested individuals are invited to send their curriculum vitae, together with a profile of their work and an application letter by email on info@ade.com.mt or addressed to:
